

ADOPT-A-CAMPER PROGRAM

The Adopt-A-Camper Program is a multi-year investment in a child's future. It grants the donor an opportunity to forge a meaningful relationship with one of our campers and the camper's family and to see firsthand the tremendous growth and development of the camper over the course of multiple summers at camp.

With a contribution of \$25,000, a camper will be given the chance to attend camp for FIVE years under the direct sponsorship of the donor.

Those who participate in this unique opportunity will receive direct correspondence from their sponsored camper throughout each summer. It is a chance to see the personal growth the child experiences not only through one summer at camp, but also the transformation that occurs over the next five years.

Are You Interested in this Amazing Opportunity? To learn more about the Adopt-A-Camper program, please call us at 720.981.2532 x 100 or email us at giving@athousandsummers.org.

JOHN AUSTIN
CHELEY FOUNDATION

A True Partnership in Lifelong Success

"I would like to thank you for everything which you have given me by allowing me to go to camp for the past five summers. I have lived in the inner city my whole life and had never been away from home for longer than a day. Camp has changed me so much for the better. Every summer I return home with a greater sense of who I am and a better outlook on the world."
